

OTP User instructions

1 Connect AD account to OTP in your Phone.

Go to <https://idp2.regionjh.se/selfservice/> via a computer and logon with your AD account and password.

Välkommen

För att logga in, vänligen skriv in ditt användarnamn och lösenord i inloggningsformuläret och klicka på 'Fortsätt'.

When you have logged in you will get an question about OTP.

För att logga in, vänligen skriv in ditt engångslösenord som du får på din **registrerade mailadress** i formuläret och klicka på 'Fortsätt'.

OTP have been delivered to your mobile, please type in that OTP (six numbers).

Choose the tab "Tokens"

Klick on " + Aktivera Pocket Pass" .

You must have installed Microsoft Authenticator, PhenixID Pocket Pass or Google Authenticator. All of above authenticator will work.

- Set a name of the device you will register.

Aktivera valfri app för autentisering

Välj ett visningsnamn för din enhet

- Start the authenticator you have choosed.
Add a new connection.
Take a photo of the QR code in the APP.
(it's possible to type in the code as well)

Aktivera valfri app för autentisering

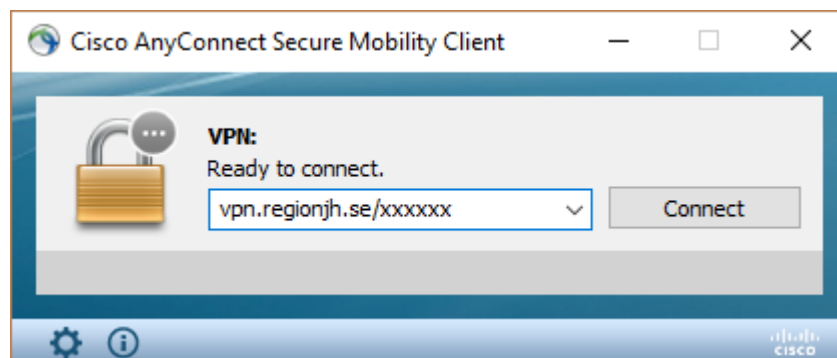

- På din enhet:
1. Starta vald app
 2. Instruktionen nedan gäller Pocket Pass
 3. Tryck på knappen "Install key"
 4. Tryck på knappen "Scan barcode"
 5. Scanna av QR-koden på denna sida
 6. Följ instruktionerna på din enhet tills ett engångslösenord (OTP) presenteras
- Klicka *Nästa* för att fortsätta

Then you need to type in the code you get in the authenticator app.
Now you can use your phone and auth app for connecting to RegionJH.

2 Logon with Cisco AnyConnect

Install Cisco AnyConnect if you don't have on your computer.
Type in the URL you received.

Clients for Windows and Mac can be downloaded via <https://regionjh.se/vpn>

Type in your AD user and password. Klick OK

The image shows a screenshot of a Cisco AnyConnect login dialog box. The title bar reads "Cisco AnyConnect | vpn.regionjh.se/rj...". The main text says "Please enter your username and password." There are two input fields: "Username:" with the text "xlafo" and "Password:" which is empty. At the bottom, there are two buttons: "OK" and "Cancel".

Type in the OTP code you get in your authenticator app.
(Google Auth, Microsoft Auth, PhenixID Pocket Pass or what you have choosed earlier.
